I don't know if Tom is aware of timing or not. I just heard from Jennifer today about timing.

Tom is off tomorrow but I'm on a 9:30 call with him. I can ask if he knows about timing but I don't know any specifics. And I don't think he has time for a briefing. I can mention change in timing and ask what he wants to do?

I just pinged Melissa on it and will try to chat with her about it to get her thoughts. Agree that Tom might want to give the Administrator a heads up. Is ASTDR/CDC on board with us having this conversation as well?

Sounds like a perfect approach. Might be worth noting to them that Melissa is a political which could help the conversation.
